THE POLIO!

Olugbenga J. Kuye

ABOUT THE AUTHOR

Olugbenga J. Kuye is the founder and coordinator of Polio Rescue Association. Three years after his birth, he lost his left limb to poliomyelitis. Few years later he lost his mother but in 2006 he partially recovered his lost limb through Lagos State Free Limb Deformity and Corrective Surgery Programme.

Because of his experience as a child with fresh polio case and his various encounters both within and outside the college walls, he has dedicated his life to this noble course of campaign against polio in

Nigeria. In his own words, Olugbenga J. Kuye said, the deadly and lethal poliovirus must be eliminated from our country and continent. It is the single largest virus that claims responsibility for the deformity and incapacitation of our children. This is one side of its evil effects. If there remains a boy or a girl from the remotest village in the North or East or West or South in Nigeria who cannot live life in full – get good and qualitative education, get lucrative job, marry and participate in nation building – because of polio infection, then to that boy, to that girl and to all of us as peoples of this great country, polio still exists as a social menace and a barrier. This also must be eradicated.

His previous books, *The Man in You* and *This Opportunity* have passionate reference to polio eradication and encouragement for those living with deformity as a result of polio infection.

Olugbenga was the World Health organization (WHO) social mobilization officer for Lagos State during January 2011 round of National Immunisation plus Days (NIPDs) which ended on 30th of January.

Popularly known as Lagos Polio Ambassador, Olugbenga founded his Non-Governmental Organization (NGO), Polio Rescue Association with the slogan - Eradicating Polio and Enabling Polio Survivors- in 2010. And in 2012, he was appointed into the governing board of the newly created Lagos State Office for Disability affairs (LASODA) to represent organized private sector / charitable organizations dealing with disabilities by His Excellency, Mr. Babatunde Raji Fashola SAN, the executive governor of Lagos State.

- CHAPTER SEVEN - TRUE KING OF THE JUNGLE

It was now exactly three months since Bazanta and his family moved to their new home. One day he and his family were taking an evening stroll near the river to drink water as they had gotten thirsty during their walk. While they drank, the African python that attacked Nunu the day she went to swim suddenly appeared from the waters with great anger.

There was a strange wind with great fear and pandemonium as the birds, monkeys, butterflies, antelopes, buffaloes and wild pigs began to make different sounds.

The atmosphere was filled with fear of the unknown as all the other animals present perceived a showdown between the dreaded African python and Bazanta the king of the jungle.

BOOK ILLUSTRATION

He was later calmed down by the Governor who asked him a lot of questions,

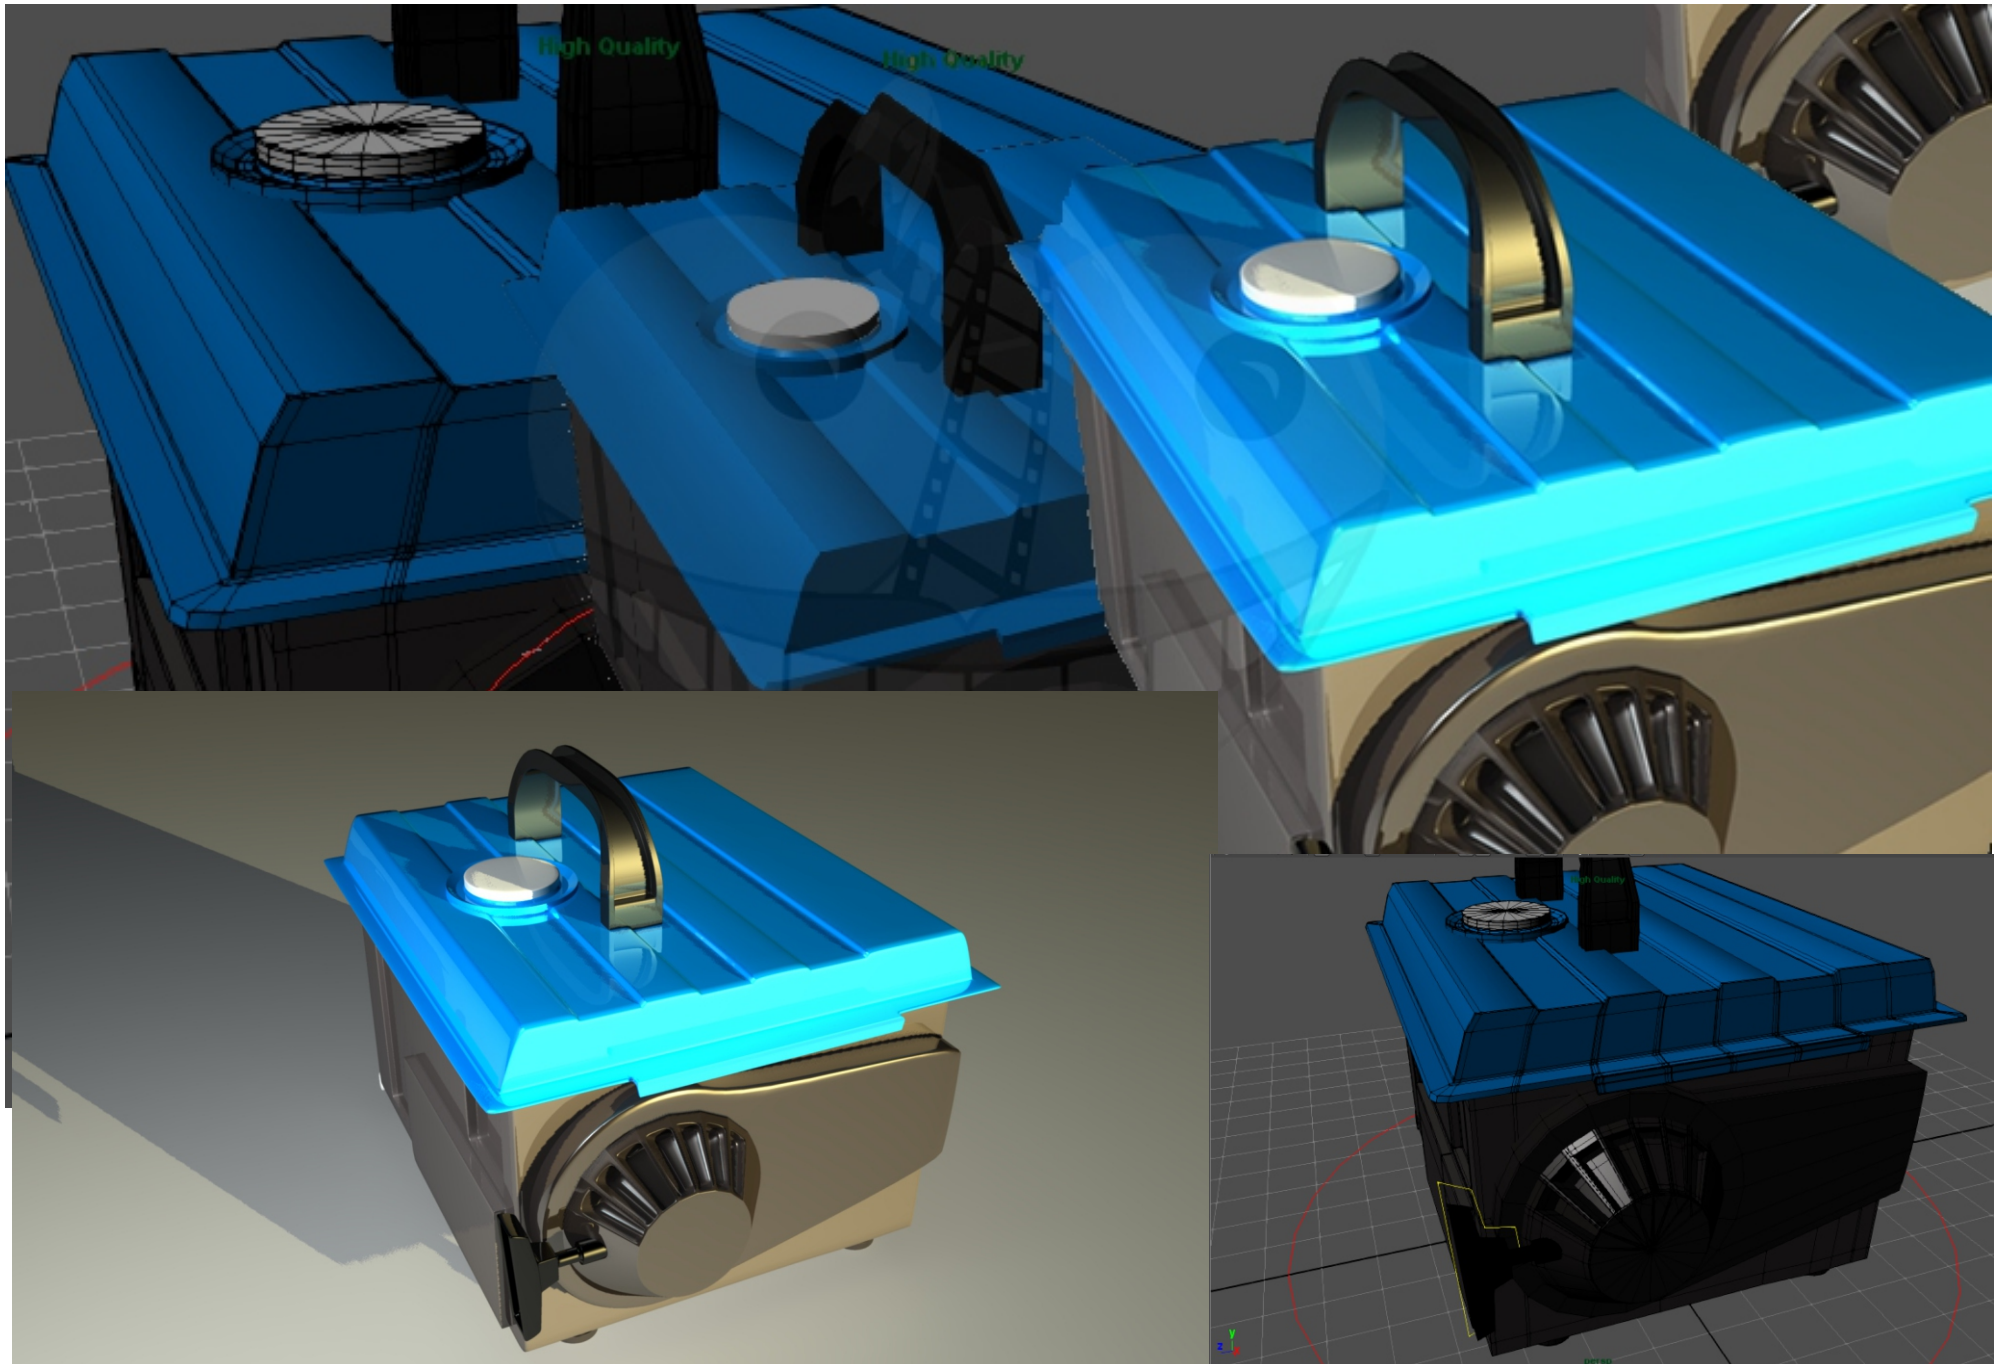

To Ayo's Surprise the governor offered to send him abroad to further his education in which after his return he would be granted an automatic job employment. Ayomide was overjoyed by the governors promise regarding his future bearing in mind that he was from a privileged background.
